Chapter 2

Me + Jock = WTF?!?! Chapter 1

I've re-edited the chapter, and I gotta say, DAMN my writing skills used to suck! Anyhow, hope you enjoy and don't forget to comment! :)

Me + Jock = WTF?!?! (1) Highschool.

As I was walking to Forrest High School with my iPod playing in my ears listening to All Around Me - Flyleaf, I felt the usual - the popular girls will show off their sluttish, see through clothes, start bitchy rumors and will flirt with guys. The jocks will be talking about the new hair product and some easy-to-get chicks that they fucked last night. The wannabe nerds will be discussing yesterdays homework and

the whole hallway will be whispering about me as soon as I walk into the doors...

I'm a loner that dresses in black I guess you can call me a Goth or Emo, but I don't give a shit to what other people think of me, I'm myself and I like it that way. If you have something against that, well then, you can go and screw yourself in the dark for all I care.

Ah, highschool, what would a teenage girl like me would do without you? I though as I stopped by the stairs to the school.

"Live like a optimistic freak I suppose" I answered my own question as I turned off my IPod.

I opened the huge glass doors and walked in the hallway. I saw that everybody was whispering and eyeing me like they did every other day of the week.

God!!!! Don't you have anything better to do?!?!?! I thought as I walked to my locker.

I was tapped on my shoulder.

I turned.

Oh great.

Surprise, surprise, if it isn't Mikayla, the school's cheerleader and the most sluttish girl you ever meet.

"Hi Loner" she said with a fake smile.

Obviously she didn't know my name I mentally snorted. Not that I care anyway.

"What do you want" I asked crossing my arms across my chest. For a girl with her reputation, she must have a lot of guts to be able to talk to me.

"Well I just wanted to remind you that you're a loner" she said making the "look" the look that means "you're so retarded."

I rolled my eyes at her retarted comment, can a red-head get any more dumber? She's not even blonde! (A/N: Sorry if this offends you)

Since she didn't have anything else to say, and I was fully aware that I didn't either, I turned around and opened my locker. I put some books and closed it. I thought she left, but she was still standing there with

her two slutty girlfriends. They were giggling like idiots from a planet called: Plastic Zombies.

"What the hell do you want from me?" I asked her getting more annoyed.

"Nothing" she said and smirked as she walked away.

I touched my back just by feeling that I felt like she put something to it. I felt something paper-like crunch behind my back.

She did.

I tore it off and looked at it.

"BEWARE I'M AN EMO CUTTER" was written on it.

Bitch! She's not done with me yet!

I walked up to her she was flirting with a guy.

She's so stupid not to even notice me.

And stuck the paper under her short skirt.

Ha! In your face you oatmeal-toast-of-a-brain! I thought as I walked to my homeroom smiling with pleasure.

Ah, finally a normal morning, just like usual. I thought almost smiling.

Then I felt like someone is looking at me.

I turned.

Chapter 3

Me + Jock = WTF?!?! Chapter 2

I've re-edited this one also, wow! My writing style has changed so much since then!

~~~

Me + Jock = WTF?!?! (2) Lunchroom Prank

It was Fredward, well *most* of the girls that go to this school call him Freddie, but I like Fredward better. He's a jock, *surprise, surprise* and also the red-head's idiotic boyfriend. Cliche much?

I have to hand it to him, he still thinks that he and Mikayla are "ment to be". What he *doesn't* know is that she not only cheats on her tests, but also on him.
~~~

Makes me pity the guy really, but then again, he is an idiot.

"Great first the Miss Stupid Cheerleader now Mr. Fredward Jock" I said making a annoyed face. "What do you want from me?" I asked raising my eyebrow.

"Call me Freddie" he said smiling. Hate to break it to you, pretty boy, but I don't see anything dazzling in your comment.

"I prefer to call you Fredward, Fredward" I said trying not to laugh. He really is stupid, did he want to break into conversation with me only to tell me how to say his name correctly?

He sighed at my comment. "Anyway I saw what you did to my girlfriend-" I cut him off.

"Bravo Fredward," I said clapping "No need to thank me, now no guy will put his hand under her skirt any longer and she won't cheat on you any longer" I said in sarcasm voice. As if she would stop, that cheerleader needs her desires fullfilled each night, I bet.

"That's all rumors" he said with a look like he didn't believe me "She is NOT a slut" he said becoming more serious.

"Wow you need to get into the century, Fredward" I said as I walked away. Uh-ha, Mikayla isn't a slut, and I'm Gwen Stefani. Dream on little jock, dream on.

"It's Freddie!" I heard him shout after me.

"As if I care!" I yelled back and noticed that the whole hallway was looking at me again.

"Get a life, lifeless losers" I insulted them and walked to my homeroom.

What a *nice* morning. I hope I'll cool down to chill with my only friend Danni. She is my best friend since I started middle school. She's the only one who actually understands me. As if I need a guy when I have a best friend.

~~~~~~~~~~~

Later at lunch I was finally able to chill with Danni. God, you have no idea how long I've been waiting to fill my empty stomach.
~~~~~~~~~~~

I walked into the cafeteria and as always, I noticed that the jocks and sluts are in the best table in the middle of the entire cafeteria. No surprise there, the best popularity = the best table. Simple, easy to remember and hard to believe.

I sighed grabbed a tray and went to get some food. I put a piece of pizza, a coke, an apple and chocolate pudding and went to the little table in the corner of the cafeteria.

I found Danni sitting there playing with her food.

"Hey Dan, what's wrong?" I asked sitting in front of her.

"Oh hey Jen" she said looking up "Nothing much" she said smiling "Just waiting for you"

"I know it would have been boring hell hole if we didn't know each other" I said with a smirk while opening my coke.

"You got that right" she said laughing and taking a bite of her pizza.

I looked around while taking a sip of my coke. I saw Fredward making out with Miss stupid cheerleader. I immediatly spit out my coke and coughed multiple times.

'Talk about getting a room.' I thought to myself.

I felt as if I was about to puke out of my empty stomac and turned to Danni with a gross look.

"What is it?" she asked me putting down her pizza.

"Mr. Fredward Jock and Miss Stupid Cheerleader eating out of each other's mouths 2 o'clock" I said pointing at them before standing up and throwing my food.

'I have to remember to thank them for ruining my appetite.' I though as I sat back down and looked at Danni.

"When will you admit that you like Mr. Freddie Jock?" she asked me with a sly smirk playing on her lips.

"Never" I denied "Cause I don't, and never will" I announced to her in as-if-I-care voice "And it's Mr. Fredward Jock" a corrected her standing up.

"Wait for me!" she said throwing away her stuff.

"What do you think I'm doing?" I said rolling my eyes while standing next to her.

We walked by the Mr. Fredward Jock and Miss Stupid Cheerleader and I noticed tat they still were making out. God give me strength.

"Hey do you have a piece of paper?" I asked Danni as I stopped a few feet away from the 'making out couple'.

"Yeah, why?" she asked me taking out a piece of paper from her bag.

I love her bag. It's black and has pink, blue and green skulls on it. I have similar except my skulls are white but the same colors are like spattered around it.

"Thanks" I said to her as I took the paper. A sly grin appeared on my face as I made a paper airplane and tossed to the 'making out couple'.

When they were hit they looked confused, well Fredward mostly, but Mikayla's face was much more priceless! I tried not to laugh so hard, that my face

turned red from holding it in. The couple turned to me, Fredward was surprised, while Mikayla was shooting daggers at me. I smirked, about time you returned to Planet Earth.

"Get a room!" I yelled out so loudly that it echoed in the whole cafeteria and confidently opened the doors.

I looked back and saw that the 'love couple' were still watching me, well staring and glaring, was more like it.

"And thanks for ruining my appetite" I added showing them my middle finger and walking out with grinning Danni.

"I have to admit, their faces were priceless" Danni admitted as soon as the cafeteria door closed behind us.

"Thank you, thank you very much" I said grinning.

I high-fived Danni and we went to our next class.

Chapter 4

Me + Jock = WTF?!?! Chapter 3

Thank you for the support! :D comment! I'll appreciate it! :D

Me + Jock = WTF?!?! (3)

The next class was boring. History.

I could feel my eyelids closing every 5 seconds. I looked at Danni sitting next to me. She was asleep. Like everyone else in the class.

The poor teacher kept going on about some wars that didn't even notice that the whole class is asleep.

I finally herd the bell witch awoke everyone in the whole class including the teacher.

I stood up and walked out of class with Danni following me.

Thank god the next class is the last! I thought to myself while opening my locker.

I took out some books and looked at my reflection in the mirror. I guess I look okay I thought as I closed my locker.

Wait!!! Since when do I care about my appearance?! Ugh! I mentally slapped myself.

I felt someone's hand on my shoulder. I turned. Annoyance fell upon my face. Fredward. God! What does he want now?!

"What do you want from me?" I almost screamed while looking at him with anger.

"Take a chill pill will you?" he said looking at me and getting more tired of this "And just listen" he said.

The bell rang.

"Can't" I said "I have class" I said and about to walk away when he grabbed me by my arm.

He pulled me close to him and looked at me.

"Let me go!" I demanded swirling while his hands were tightly holding my wrists.

"No!" he said becoming more serious "Just listen!" he yelled and because the hallway was empty it echoed.

"Fine!" I said "What do you want?" I asked as he released my wrists.

"Why did you do it?" he asked me "In the cafeteria" he asked me with a raised eyebrow

"Because you, Fredward and your Miss Stupid Cheerleader ruined my appetite" I said looking at him with an impatient look.

"What do you have against us?" he asked "It's like your jealou-" he started then his eyes widened.

"In your dreams" I said as I pretended to puke and walked out of the hallway to my next class.

Chapter 5

Me + Jock = WTF?!?! Chapter 4

Hey guys! Your wait is over! lol enjoy the chapter it's longer than my other ones! (i think) it took me a few days to rewrite it!

Me + Jock = WTF?!?! (4)

Finally the school was over I thought as I walked back to my house and walked through the door.

I found my little twin brothers killing eachother again.

I ignored them and walked up to my room. i fell on my bed and thought about my day.

Why the heck did Mr. Fredward Jock and Miss Stupid Cheerleader talk to me today?!

April fool's day is like 6 months away! and why did Danni think that i like him? I never even thought about it before...

I mean he's a jock. Jocks - Sport guys who sleep with hot slutty girls who would do anything for them and then the jocks will move on to their next toy to play with.

I will never be in his world, he has his own popularity, his own money, his own Mikayla, but where do I fit in?

Nowhere.

So why would he talk to me?

Is he defending that slutty bitch?

Probably, since he STILL doesn't know she cheats on him every weekend.

Ugh! This is too confusing! I stood up and went to take a cold shower.

Maybe the cold water will calm my nerves.

I stripped out of my clothes and got in the shower.

I turned on the cold water and let the world dissapear for just a few minutes while the cool, refreshing water fell apon my face.

When i was done, close to 15 minutes later, I wrapped the towel around me and went to my closet.

I put on my black braw and black panties, a random black and pink t-shirt with a black hoodie on the top, a pair of dark and skinny jeans, pink converse and a pink beanie.

Letting my black, strait hair slide down my shoulders I grabbed my ipod, wallet and phone and went downstairs.

I spotted that my two little twin brothers were playing video games together. Apparently, mom split them up before they could kill one another. I walked up to them.

"Dudes" I said, they were still looking at the screen.

I got a little impatient.

"Dudes..." I said a little louder trying to get their attention and trying not to loose my temper at the same time.

Still no reply.

"DUDES!!!!!" I yelled at the top of my lungs.

I saw them jump out of shock and look at me with raised eyebrows.

"Finally" I said "Can you cover for me?" i asked.

"Fine" they both said looking back to the screen.

"Cool" i said and turned around to the door.

I was going to my favorite place: The Park.

Chapter 6

Me + Jock = WTF?!?! Chapter 5

Anyway enjoy! :)

~~~~~~~~~~~

Me + Jock = WTF?!?! (5)

My brothers were like angels I mean they were brats sometimes, but mostly they don't bug me.

Which thank god, cause they would so have regreted if they did I thought as I walked up to the big open gates.

Before walking into the park I checked my clock on my phone. 10:05. I have 1 hour.

Unless the twins give me away, but that never happened before cause they know what I would do to them if they did.

I sighed and walked through the gates. I made my way down the rocky path to the big tree that had a bench under it.

It was my speacial place. The only place I come to escape this hell hole.

I guess if it wasn't for this park I would have never been able to continue living.
~~~~~~~~~~~

I sat down on the cold, wooden bench, took out my ipod, turned it on and let my head fall back.

Finally some alone time with my favorite breeze.

The breeze felt cold against my pale, warm cheeks.

It was a feeling that i didn't want to forget.

~~~~~~~~~~

Freddie's (Fredward's) P.O.V.

I was walking after my football practice. It's quicker to my house through the park.

I was just walking and admiring the night. The stars were shining, no clouds at all.

The breeze was cool yet crispy that gave that autumn feeling.

Suddenly, I stopped.

I saw a girl on a bench under the big tree. She had black long hair, a black hoddie-

OMG it's the girl that put the note under my gf's skirt and threw the paper airplane at us at lunch.
~~~~~~~~~~

Why was she here? I mean for someone who was so strong and loyal to herself girl seemed to be just her outside.

It's like she had another personality.

Brave and strong on the outside and yet a little girl that just wanted to be alone inside.

It was very interesting. I never met a girl like that. What the f*ck am I thinking?!

I can't like her, can I? nevermind.

I just kept moving forward when i tripped on somekind of pipe that was stiking out of cement.

(Purplemiley0: Lol! I just HAD to put some drama in this x3)

I fell and ripped my jeans, leading by pain and bleeding of my right knee.

Ironically I fell just about a few meters away from her I can't believe she didn't even flinch!

As I stood up and walked up to her I noticed that she had ipod in her ears.

So that's why she didn't notice that I was near. I kept looking at her.

I noticed also she had ruby red full lips that didn't even

need lipgloss he face was heart shape that I just wanted to hold.

What the hell man!? Why am I thinking

these things!? I mentally slapped myself.

Oh sh*t she opened her eyes! I'm so done for! And the f*cking irony put me

right infront of her.

Uh oh her eyes opened! Sh*t! I am so dead...

~~~~~~~~~~~~~~

Jenny's P.O.V.

I was juast enjoying the cool breeze while listening to my favorite song called Imperfect is the new perfect - Caitlin Crosby.
~~~~~~~~~~~~~~

The only song I ever understood and wasn't afraid of being me (i don't care if I don't look like one of those sluts).

Plus, she sounds a lot like Pink.

When I felt someone close to me like infrom of me.

OMG! What if it's a rapist?! Or my mom!? or, or my 5th grade math teacher!

He was incredibly perverted.

My eyes popped open.

I sat up and saw chocolaty brown eyes staring at me with horror.

I mean I don't look like a hottie or anything, but I'm feeling like I'm the rapist here.

Wait, I saw those chocolaty eyes before...

FREDWARD?! WHAT THE HECK?!

I came shooting up from the bench in complete anger.

"WHAT ARE YOU DOING HERE?!" I yelled at him becoming redder by the second.

"I-I'm s-s-sorry" he said standing up.

Thats when I saw that his knee was bleeding.

I don't know why, but I cooled down in a second and bended down to take a look at it.

"W-what are you doing?" I heard him say with a scared tone.

I stood up and pulled his hand. He needed to bandage that knee.

So I pulled him to my house as fast as I could.

When I opened the door I saw that my two twin brothers were looking at me with smirks at their faces.

"What" i said putting on a whatever face.

"Jenny's got a boyfriend" I heard one of them say.

"He is not" I said looking at Fredward, he was still shocked by what happened.

I looked back at my twin brothers.

"He has a bleeding knee" I pointed out.

"Are you gonna give the medical treatment to every guy you find or just the ones who have mustles and tanned skin?" the other one asked still with a smirk.

"You both better shut up and run upstairs to bed before I give you both weiges, break your play station, take a picture of both of you crying next to the play station with spiderman underwear on your heads and post it on myspace." I said with a pissed off face.

They both ran upstairs like they were on fire.

"Ignore them" I said to Fredward leading him into the kitchen.

"So your name is Jenny?" he asked as a motioned him to sit on the counter.

"Yeah, got a problem" I asked him with a raised eyebrown taking out a first aid kit.

"No, no" he said raising his hands in protection like I was about to hit him.

"Good" I said applying the medicine.

"May I ask you a question?" he asked me cautiosly.

"As long as it's not that personal or too stupid" I said bandeging the knee up and putting away the first aid kit.

"Why are you helping me?" he asked.

"That's a stupid and a personal question" I answered.

I saw him blush. God. I just helped him with the wound. Nothing else.

"Go home now" I said

"Good idea" he said jumping off the counter.

I opened the door and he walked out.

"Oh and" I said which made him stop and turn his head to me "If you tell anyone about this you will regret it" I said.

"I don't have a play station" he said with a chuckle

"I have some tricks up my sleeves" I said with an evil smile as I saw his face gone from smile to wink as I closed the door.

I walked upstairs, changed into my pj's and went to sleep as soon as my head touched the pillow.

Chapter 7

Me + Jock = WTF?!?! Chapter 6

Hey guys! Sorry for the wait >.

YAY I UPLOADED IT BEFORE EVEN THE WEEKEND CAME! ;)

Me + Jock = WTF?!?! (6)

The next day I woke up with the weirdest feeling I ever had in my life...

A feeling that I never felt before... a feeling of LOVE?!?!?!?!?!?!? WHAT THE HECK?!??! I must be sick.

I have to be...

I got up from my bed and went to my bathroom to wash up. When I was done I got my daily outfit and went downstairs.

I sat down at the kitchen table looking at my little brothers.

They were the same. Nothing happened.

Good. I wanted to eat, but when mom brought the food I felt like I just wanted to get out of this house to get some fresh air.

So I did.

I stood up, grabbed my bag and ignoring the raised eye brows my mom and twin brothers were giving me I opened the door and went on my daily walk to school.

I took out my i pod and put on Walk Away - Kelly Clarson.

When I got to the entrance of the "hell hole" I sighed while turning off my i pod and walked up. I opened the door and froze.

Something ain't right.

People are talking, but not about what they usually talk about.

I mean they would whisper "Look, the loner/emo girl" but today they are talkign about something else. Why is that?

I mean I've been wishing for this for so long, but now I just don't know what the heck is going on. I sighed. It will come around.

When I was at my locker, correction closing my locker Danni walked up to me with a smile that said "i knew it". I put on a "whatever" face.

"What?" I asked her as her smile grew to a smirk.

"I knew you liked Mr. Freddie Jock" she said

"I don't, and once again it's Mr. Fredward Jock" I said with the most annoyed face I ever made.

"Uh hu" she said "then how do you explain that the whole school is talking about how you helped Mr. FREDWARD Jock with his knee?" she asked me with a raised eyebrow.

"Jesus! It was bleeding, I just bandaged it up!" I half yelled.

"That's not what I heard" she said

My eyes widened.

"Then what did you hear?" i asked her fighting the anger that was about to pour out of me.

"Well, I heard that you did bandage your knee, but you also kissed him and made him fall for you." she said.

You think I was angry now. No. I was boiling like hell! And I knew just on who to take it out on.

Guess.

I stomped to Fredwards locker. He was taking out some books. I marched up to him slamming his locker.

I wanted to rip off his arms with the locker door, but he took them out before I closed it shut.

"What the h-" he starded turning to me then he froze.

"What's with the rumour that I kissed you?!" i half yelled at him

He looked puzzled then caught on. Smart boy.

"I didn't spread them" he said looking at me with scared eyes.

"Then who?!" I yelled a little louder.

"I don't know!" he half yelled at me "I'm trying to find out who did" he yelled looking down at the floor causing his honey blonde hair to fall down around his eyes. Sexy.

OMG!!!!!!!!!!!!!!!!!!!!!! I'm going crazy!!!!!!!!!!!!!!!!!!!!!!!!!!! I mentally slapped myself two times.

"Maybe your twin brothers" he said looking up.

"No, they were fine this morning, I can always tell if they are hiding something." i said shaking my head.

The bell rang.

"Late to class" i said to him

"How about we try to figure out who did it at lunch?" he asked as we stared to walk in the hallway TOGETHER!

My mind was screaming "NO WAY PLAYBOY"

"Sure" i said quickly then was shocked by what i said.

"Okay." he said smiling

(GOD THAT SMILE) I mentally slapped myself again.

Then we walked in the classroom together. Guess what.

I was greeted by the glaring of the whole cheerleader squad. Nice. This will be fun. NOT!

Chapter 8

Me + Jock = WTF?!?! Chapter 7

Enjoy the chapter! :)

Oh yeah, drama and mystories! ;D Sorry if it sucks >.<

Comment plz! :D Need some feedback! ;)

Me + Jock = WTF?!?! (7)

Okay, THAT was the worst class I ever been at!

First of, Miss Stupid Cheerleader stuck out her foot, guess why.

Being my cool self and stupid self I tripped followed by the laughter of the whole class.

Secondly, the whole class SHE kept glaring and whispering something to her slutty girlfriends, then giggling.

Something ain't right I thought.

I was right when I stood up after class my pants were stuck to the chair.

BITCHES!!!!! They glued my chair.

Oh that's it they will get it. I thought, but I couldn't even get up from my seat.

Finally when I stood up I heard a ripping noise. Oh no it didn't. I thought.

Yep you guessed it.

My pants ripped. Right where my panties were.

And they were open as hell!

My face turned red.

And that's not all.

Now I'm hiding in the supplies closet waiting for Danni to get bring me new pants.

Today is the worst day of my life. What more could go wrong?! Nevermind!!!! If I say that it will.

I kept repeating in my head. Sitting here in the dark is pretty creepy. Where the hell is Danni?!

Suddenly, I heard the door open. Oh sh*t! I'm dead.

"Jen?" a familiar voice... Danni!! Finally!

"I'm down here Danni" I said with a smile

Danni bended down and handed me new pants.

"Thanks, took you long enough" I said with a smile and sarcasm as she put on a shy face and went out of the supplies closet for me to change.

When I was done I finally walked out. Danni was no where in sight. Great. The next class must have began.

I'm so gonna get detention.

~~~~~~~~~~

Walking in the hallway. After my 2 hour detention.
~~~~~~~~~~

(Purplemiley0: Sorry! I never been in detention and I don't know how long it goes on! >.<)

No one was in the hallway. Apparently, I'm the ONLY one who got detention. Great. Yay for me.(Sarcasm)

I walked by the lockers and was now passing the supplies closet when the door unexpectedly opened and someone grabbed and pulled me into the closet.

You can tell how I felt. I was scared. I mean what person would grab and pull you in a closet!??!?!!?

"Who the hell are you to gr-" I started but the person put its hand on my mouth.

"What the hell?!" I yelled in the hand.

The person turned on the light. OMG!!!!! It's...

~~~~~~~~

Purplemiley0: Hay! :P How was it? Comment plz and tell me your opinion. Oh and the next chapter will take a while cause Jen has to prepare for all of those drama and surprises that just might get her life more f*cked up as she would say ;)

Chapter 9

Me + Jock = WTF?!?! Chapter 8

Hey! You guys rock!!!!! Thanks so much for so many reads on my story! :D

Enjoy! I tried to make this 2 pages long. Hopefully it will be.

Me + Jock = WTF?!?! (8)

Recap:

I walked by the lockers and was now passing the supplies closet when the door unexpectedly opened and someone

grabbed and pulled me into the closet.

You can tell how I felt. I was scared. I mean what person would grab and pull you in a closet!??!?!!?

"Who the hell are you to gr-" I started but the person put its hand on my mouth.

"What the hell?!" I yelled in the hand.

The person turned on the light. OMG!!!!! It's...

~~~~~~~~~~~~

I don't believe it. Miss Stupid Cheerleader?! W-what is she doing in a supplies closet?

More importantly why did she pulled me in here!?

"What's the deal you and with pulling people into closets?" I asked her as she removed her hand from my mouth and put it on her hips.

"Well loner, I pulled you in here for one reason only" she said with an evil smile.

"Which is?" I said with a raised eyebrow as I too put my hands on my hips.

She opened her mouth but I cut her off.
~~~~~~~~~~~~

"If this is about me kissing Fredward I have to say the 20th time that I didn't do it" I said opening the door, but then she suddenly knocked her hand on it to make it close again and got infront of it blocking my way out.

"It is about that, but I just wanted to say something else" she said turning back to me.

"I want you to know" she said with a glare "that I made it up and spread to everyone that you kissed him" she said with an evil smile.

WHAT?!!?!?!?!?!?!??!!? Miss Stupid Chearleader made it up!?!??!!?

"I guess you want to know why, don't you little loner?" she asked still keeping the evil smile and leaning her upper body to me.

"Yes, Miss Stupid Cheerleader" I said as I could feel the anger biulding up inside of me as I held myself back from slapping her.

She was thrown back by what I called her. Ha! Suck it you slut!

"I spread the rumour around so you could look bad" she started "All of the school thinks that I'm a slut" she continued.

She IS. I noted.

"So I did it so you could look bad while I look like an innocent girlfriend." she said with an evil smile and proudness in herself.

I so am gonna rip her head of right now and feed to my dog!

Well if I had a dog. And if I had anythign to help me rip it of I would...

I just stood there. Motionless. I didn't know what to say or do. Miss Stupid Cheerleader just became Miss Evil Cheerleader.

That was all that was going through my mind right now.

Other than that I'm going to jail soon after I strangle her and dump her body in a lake. Then all those guys with gloves and the finger print powder show up to examine her.

"Oh yeah and thanks for helping me" she said.

"How?" I asked.

"That incident at the cafeteria that day" she said "it looked as if you were jealous" she said with an evil laugh "which made everyone believe my lie" she said still laughing.

Then she stopped, brushed herself off and turned to me.

"So there, for once I'll look innocent" she said as she opened the door leaving me in the supplies closet holding myself back trying not to attack her, beat up her "precious" face and break the heels off her "dearest" highheels.

After a few minutes I got my feet moving slowly opening the door. Closing the door I suddenly felt my feet on fire and then as if I couldn't control them they started running. Like real running.

I didn't know where I was going. And I didn't care. Bitch! I kept yelling in my head as my feet kept running faster and faster. Wait, why can't I just tell

everyone the truth? Oh wait who would believe a loner like me?

And I so wish that I didn't do that air plane thing! Damn Miss Evil Cheerleader, damn Fredward, stupid me!

I finally stopped. I was next to the big iron fence. The park.

~~~~~~~~

Purplemiley0: Hey!!!!!!!!!!! It's finally here!!!! Comment and tell me what you think of it please!

Thanks~ :)

Recap:

And I so wish that I didn't do that air plane thing! Damn Miss Evil Cheerleader, damn Fredward, stupid me!

I finally stopped. I was next to the big iron fence. The park.

Me + Jock = WTF?!?! (9)

It took whole 15 minutes for me to finally decide to walk in.

Not forgeting to sigh before taking my first step.

I walked up to my favourite bench under the big tree...

The leaves were all on the ground. I forgot that it's almost winter.

I sighed as I sat on the bench. The chilly wind made me shiver making me wish that I had my coat with me.

I had to think of something. I mean I can't just let the whole school believe that stupid I-kissed-Fredward crap.

Ofcourse non of it would matter if I get sick from sitting out here for too long.

I stood up and slowly walked home. It was dark outside, but I didn't care, I mean if any rapist comes

around I would slice him in half cause I'm so not in the mood to be raped right now.

I made it home and before opening the door I was attacked by my mom's voice yelling at me for getting detention and crap like that.

She kept going on and on about my grades and stuff like that.

I ignored her and walked up to my room.

"YOU'RE GROUNDED!!!!!!" I heard her yell from the floor below. As if I care. I'm so not in the mood of being yelled at.

I tossed my bag on the floor next to my desk and fell on my bed. I took out my ipod and put on Numb - Linkin Park.

~~~~~~~

I opened my eyes. I guess I fell asleep. My stomach grumbled. Oh great, now I'm hungry.

I stood up turning off my ipod and went to my desk.

I put my ipod on the desk and sighed.
~~~~~~~

Suddenly I heard something. Like a little clicking sound.

I looked around.

I saw some pebles bouncing on my window. What the hell? I took out my phone out of my bag and looked at the time.

12:52 pm.

Who would be up at this hour?!

I walked to my window and opened it. I looked down.

I saw Fredward standing on my lawn.

With the moonlight falling on him he looked like an angel without the wings. Like he had given them up to come to see me.

WHAT THE HELL?!!?!??!?!?!?!?!!?!?!?!!!!!! Okay. I'm sick. I can't be into him. Can I?

"Hey" He said smiling

Lord that smile made my knees feel weak. The lips were so kissable that made me wish that I had kissed him.

Okay enough with the desperate fantasies!!!! I yelled in my mind.

"What are you doing here?" I asked him in a cold voice.

His smile fadded and something in my stomach made me feel guilty.

"I just wanted to see you" he said with hurt in his eyes "I mean we were supposed to meet at lunch, but you never showed up" he said.

I stood him up. That didn't make me feel any better.

"I have some news" I said in a shy voice.

I looked in his eyes. They were filled with concern, care and worry all in one.

"Can you come down?" he asked.

I put on a are-you-crazy face.

"Are you mad?! I mean I'm on the second floor I can break my leg or something!" I half yelled trying not to wake up my mom and twins brothers.

"I'll catch you" he said

"No" I said as I crossed my arms on my chest.

"Trust me" he said opening his arms. Something in his eyes made me climb out of my window.

As soon as I realized that I was on my roof my heart started to beat way past normal.

If you didn't get it yet I'm afraid of heights.

"I can't" I said

"Jump, I'll catch you" he said with a comforting smile.

"Okay, but if I break something, it's coming out of your paycheck" I said in a irritated voice.

"Deal" he said as he opened his arms for me to jump in them.

I closed my eyes and jumped.

That's weird. I felt no pain shooting through my body. NONE AT ALL!!!

I opened my eyes to see Fredward's face. His facial expression was smirk.

"Am I dead?" I asked hoping that I died and went to heaven and he was my incredibly sexy angel.

"No your far from it" he said smiling

I realized that I had another desperate fantasy in my mind and I mentally slapped myself.

I also realized that he was holding me. Bridal style. I jumped off him and wipped myself.

"I told you that I'd catch you" he said smirking.

I glared at him.

"So what's the news?" he asked becoming serious.

My stomach grumbled.

He chuckled.

"I guess someone's hungry" he said.

I blushed. Stupid stomach I said to myself.

"How about we eat and discuss it?" he offered me.

It was like time has stopped.

I couldn't say anything nor do anything.

I was frozen. Did he-

"Did you just ask me to dinner?" I barely choked out.

"Maybe..." he said smiling and offering me his hand.

My stomach grumbled again.

"I guess that's a yes" He said chuckling

I smiled as he took my hand.

We started to walk.

"Wait what place is open at this time?" I asked as I realized that the time was probably 1 am in the morning.

"How about Mc Donald's?" he asked turning to me.

I nodded. As my stomach grumbled once more. I had no idea my stomach would be so talky.

We kept walking. When we arrived at the Mc Donald's I realized that he was still holding my hand.

I blushed.

I looked at him. He smiled at me and we walked in. Thank god that they made a place that was 24/7.

We picked a table and I sat down as he went to order.

I sat there and watched him. He was so flawless. His hair was dirty blonde mixed with honey, his chocolaty eyes made you want to stare and melt on the scene.

OMG I THINK I'M HEAD OVER CONVERSE INTO HIM!!!!!! I yelled in my head.

He smiled at me as he aproached with a tray.

I smiled back as he sat down oposite of me.

I looked at the tray as my stomach grumbled, AGAIN!!!!!

"Take something before you starve to death!" he chuckled as I blushed even more.

I took a burger and bit into it.

My stomach screamed in pleasure that food was finally arriving. I rolled my eyes as I chewed.

"So what's the news?" he asked lookign serious.

I guess I have to tell him sooner or later...

I'm not sure how he's gonna take that his gf told that lie. I mean he loves her and he would be heartbroken.

WAIT!!!! SINCE WHEN DO I CARE?!!?!?!?!?

~~~~~~~~~~

Hey!!!! Did you enjoy it? In the next chapter she will finally tell who spread that crap around! :D lol though you guys already know. xD

COMMENT!!!!! I hope that this will be finally 2 pages!!! :D Hope you enjoyed it :)

Chapter 11

Me + Jock = WTF?!?! Chapter 10

OMG!!!! I got almost a thousand reads after a week of posting! x_x

you guys rock my socks! lol

Here's the chapter :D Sorry it's boring D:

~~~~~~

Recap:

"So what's the news?" he asked looking serious.

I guess I have to tell him sooner or later...
~~~~~~

I'm not sure how he's gonna take that his gf told that lie. I mean he loves her and he would be heartbroken.

WAIT!!!! SINCE WHEN DO I CARE?!!?!?!?!?

~~~~~

Me + Jock = WTF?!?! (10)

I sat up and put the burger on the tray.

I looked at him.

He had concern in his eyes.

"There's a reason why I didn't meet you at lunch" I started pausing to see if he's listening.

He is. Shit. Now I really do have to tell him.

"When we walked in the class together yesterday," I said looking him strait in the eyes.

"I saw the whole cheerleading squad glaring at me," I said still not looking away from his delisiously chocolate eyes.

"They pulled a prank on me after class." I said
~~~~~

"What did they do?" he asked looking worried

"It doesn't matter, long story short: I got detention for being late for class then after detention I was pulled in the janitors closet" I said all in one breath after the word "short".

"Who pulled you in?" he asked looking way too concerned with worry in his face.

"It was Mikayla" I said preparing for him to yell WHAT?!?!?!?!!?

"M-m-mikayla?" he managed to choke out with wide eyes.

"Yeah, she told me that she spread the rumour about me kissing you thing, so that she would look like an innocent girlfriend" I said as he took it in.

I looked in his eyes, they were filled with confusion, betrayal, shock and not to forget hurt.

Just by looking at him made my stomach ache.

"Look, I know that this is hard for you" I said as I looked down "But I told you she was a bitch" I said looking up to see his facial expression.

"I-I-I" he managed to say

I could feel his pain. I mean you love someone, then they do something so hurtful that you think you know a person, but then well you get the picture...

My legs had a brain of their own cause I couldn't control them while they stood up, walked up to him and sat next to him...

In these kind of situations you need comfort so I hugged him to let him know he's not alone...

I did feel once the way he did, but that story is too pathetic to talk about right now...

He hugged me back and took a deep breath.

"You okay?" I asked him after I realized that we were sitting there hugging for about an half an hour.

"Yeah" he said looking in my eyes smiling

"Well can we eat and go, cause my mom grounded me and she will kill me if I get caught" I said putting on a whatever face like nothing happened.

"Okay" he said smiling.

I guess he got over it. About time...

~~~~~~~~~

We walked back to my house after the meal. At least my stomach was happy.

Sadly, this time we didn't hold hands.

WAIT!!!! It's not like I WANT to hold his hand. Uh it's only because I want to comfort him.

Yeah that's it...

We walked up to my house. I have no idea how I'm supposed to get up there...

"Jenny" I heard Fredward say.

"Yeah?" I turned to him.

He bent down like he was about to tie his shoe, but didn't

"Get on my back" he said

"Are you insane?!" I half yelled "What for?" I asked him crossing my arms on my chest.
~~~~~~~~~

"You get on my back, then I lift you up and you can get up to your window." he said smiling.

"Okay" I said as I felt like it was useless to argue with him anyway plus I couldn't say no to his smile.

I got on his back and he lifted me to my second floor. I got the hold of my roof and got in my window soon after.

I looked back out. He was smiling at me. I smiled back and noticed that the sun was rising. Shit! Now I'm gonna fall asleep in classes today. So not what I hoped for.

I looked back at him and waved bye as I closed my window.

I went into my bathroom, stripped out of my clothes and went to take a shower.

After I was done I dryed myself and put on a black tank top and gray shorts.

I got in my bed, set up my alarm clock and fell asleep.

Me + Jock = WTF?!?! (11)

Danni's P.O.V.

(This is when Jenny is waiting for her in the supplies closet)

As I paced as fast as I could to Jenny's house to get her some new pants.

I felt so sorry for her.

Poor Jenny, I mean she finally finds a guy after... wait how long has it been?

It's been like about 2 years after Rick... Oh wait she told me never to tell another soul about that.

Nevermind.

Those bitches will pay, I mean when they mess with Jenny they mess with me! I thought as I realized that I passed her house.

I sighed and turned back to walk to her house.

I walked up to the door and took out the key.

I know what your thinking

We're bestfriends and she gave me her key in case of an emergency like this one.

I gave her my keys too so it's fair.

No need to explain more.

I headed up the stairs and opened the door.

I went to her closet and opened to see whats inside.

She didn't change.

She has always been a neat person, all the pants and jeans were right infront of me now all I had to do is take a pair.

I grabbed some black and baggy pants that looked like they could go with her outfit.

I closed the doors and walked out of her room, closing the door gently behind me.

I folded the pants and stuffed them in my bag.

I practically ran down the stairs and went outside, closing the door and locking it.

I checked my watch. SHIT!!!!!!!!!!! She's gonna kill me!!!!!

I ran on the way to the school as fast as I could not even trying to stop and look around.

On the way, I hit something hard.

I fell on the ground and touched my forhead.

Oww. It hurts.

"Sorry, can I help you up?" I heard a british accent ring in my ears like a melody that I couldn't let go.

My vision became clear as I noticed a tanned hand infront of me. Clearly males.

I took the hand and it pulled me up.

I froze. Infront of me stood the most beautiful creature I had ever seen. He was clearly a hottie.

His hair was was chesnut brown and obviously naturally curly. His eyes were clear sea blue with a hint of green in them. His lips were thin yet still kissable.

I realized I was drooling over a hottie that will never go out with a girl like me.

"Sorry, I wasn't looking where I was going" I said shyly as he smiled.

"It's okay" he said as his british accent sung like a melody in my ears in delight.

"I'm Jonah Kin" He said as he noticed that he still didn't let go of my hand.

"I'm Danni Lofato" I said as I clearly understood that my cheeks were even more redder then they were before.

I took my hand back.

"I'm really sorry, but I need to go" I said as I saw that his cute eyes became sad

I started to walk away when I felt someone gently take my wrist.

I turned.

"It's okay, love" Jonah said as he brought my hand to his lips and kissed it

I swear my face became red as a tomato as I felt my body and blood temperature rise higher than the clouds.

And did he just call me "love"?

I smiled.

"You know you didn't need to do that" I said as he let me release my hand from him.

"I wanted to" he said as he showed me his dazzling smile.

I waved bye, turned and ran to the school.

I walked in as suspected it was lunch.

Thank god I'm not late!

I walked to the supplies closet and opened it.

I looked in. It was dark.

"Jen?" I asked.

"I'm down here Danni" I heard Jenny responce

I bented down and gave her the pants.

"Thanks, took you long enough" she said with a smile and clearly with sarcasm.

I smiled shyly and walked out of the closet.

I heard the bell.

Shit!!! I'm late for class.

I ran to my class. Thank god I made there in time!

I took my seat as the teacher walked in and started the lesson.

Wait, Jenny is late.

I'm so sorry Jenny.

I should have ran faster.

Oh and I wonder why Jonah called me "love" I mean I'm not the kind of girl for him.

Am I?

~~~~~~
~~~~~~

Purplemiley0: How was it? Tell me!!! D:< lol xD So the next chapter will be in Jenny's P.O.V. the day after she had the "dinner date" with Freddie at 2 am xD Oh did you guys like Jonah? Me + Jock = WTF?!?! (12)
~~~~~~~~~~~~

Jenny's P.O.V.

Ugh... My head is gonna crack into two pieces cause I only got like 4 hours of stupid sleep.

All thanks to Fredward that woke me up in the middle of the night. Although I kinda liked it...

I slapped myself. Shut up. Not falling for another jock-goody-two-shoes.

I stood up from my bed and went to my bathroom.

I took a cold shower hoping it would wake me up.

Mission failed.

All it did was give me goosebumps and freeze my freaking butt!

Becoming even more pissed off this morning I wrapped a black, long towel around me and went to my closet.

I put on the underwear, a green and black t shirt, some dark baggy pants, green and black checkered converse and a gray jacket.

I walked back to my bathroom to do my make up stuff.

I put on mascara, some green hair extentions, a pair of gothic gloves, yeah I like to mix sometimes, live with it. And to finish it off I put on skull earrings.

I don't know why, but I feel like I overdid it...

Oh wells. Screw that.

I took my bookbag and went downstairs.

I found my mom sitting in the living room on her chair. The chair she sits on when she's either mad, deepressed or sad.

"What's up mom?" I asked her as she looked up and saw me.

"Did the twin brats do anything to upset you?" I asked her coming over to her and sitting on a chair across from her.

"No Jennifer" she said

Uh oh. Whenever she uses my full name it means trouble. Big trouble.

She noticed the scared look in my eyes and said:

"I don't know how your gonna react to the event I'm about to tell you" she said looking down again.

"What's going on?" I asked her clearly looking worried and at the same time interested.

She only put her head in her hands and took a deep breath.

"Well?" i said clearly annoyed with this situation.

"Well our life is gonna turn into living hell" she started "First of, I lost my job yesterday, that's why I got all mad at you and yelled, I'm sorry about that, I found a new job, but it doesn't pay enough for us to live in this house so we have to move to a smaller house." she said

"I'm fine as long I'm still gonna go to the same school and not gonna have to share my room with those brats" i said looking emotionless, though inside I was crashing down cause I felt like I already knew the answers to my wantings.

"I'm sorry honey, but your gonna have to transfer back to MilerVale High" she said shutting her eyes, clearly knowing that I'm gonna explode right now.

"WHAT?!!!!!!!!!!!!!!!!!!!!!!!!!!!!!?!?!?!?!!!!?!!?!?!?!?!??!!?!?!?!?!?!?!?!!?!?!
I yelled at the whole house, as I heard my brothers running down the stairs in their pajamas.

They looked at me like I was mad and said:

"Hey freaky sis, can you keep it down?" they said as one of them rubbed his eyes as the other one ruffled his hair.

"OH WILL YOU 2 MAN UP ALREADY?!?! THIS IS SERIOUS!!!!!!" I yelled at them with my face clearly red cause it was burning.

They looked puzzled. I turned to my mom she looked at me shocked.

"You didn't tell them yet did you?" I said to her calming down.

"No, I wanted to tell you all when you woke up, but Jennifer woke up earlier than you guys did so I

thought I'd tell her first, but I guess I was wrong." she said looking down.

"Tell us what?" the twins ran up to us and looked at my mom with curious eyes.

"We're moving" she said as she stood up.

"What? why?" the twins asked

"I lost my job, but got a new one that doesn't pay as good as my last one did, so I don't have enough to pay the bills every month." she said trying not to cry.

"Well, are we gonna go to other schools?" they asked

"Yeah" I said to them, they looked at me "I'm transferring back to MilerVale High" I said gritting my teeth.

They gasped and looked at my mom which nodded.

"Well I guess I'll go pack now and call Danni about this later." I said emotionless as I stood up

"What about that boy that you went out with last night?" my mom asked me

My eyes widened.

"Who told you?" I asked her, though I actually knew the answer.

I looked at my twin brothers. They looked like they were about to shit their pants any second.

"You little shit talkers" I said as I started walking to them with my hands made into fists.

"Jennifer! Don't use such language young lady, I may have said sorry for yelling at you, but not for grounding you." my mom said.

"Besides," one of my twin little brothers said "We know how to prove that you didn't kiss "Fredward" that night." they said with grins on their faces.

Oh god I know where this is going.

I made an annoyed face and said:

"I won't pay a cent until you show me the proof" I said to them.

Their grins grew into smirks as they led me to their room.

~~~~~~~~~~
~~~~~~~~~~

Purplemiley0: Twisted and unexpected right?!?!??!!?! lol I thought this would be even more dramatic to end it here. There are a lot of questions probably going through your heads right? What MilerValte High has done to Jenny? What proof do the twins have? Will Jenny and Freddie be together? LOL all of those questions will be answered in the next one, but you guys will have to be pantient. Okay?

Comment, Vote, Become a fan.

Peace!

I'm out.

Chapter 14

Me + Jock = WTF?!?! Chapter 13 1/2

Hey guys!!!!! :D

I think that this part 1 really sucks! D:

So sorry for the long wait!! D:

Something tells me there will be lots of comments after some of you read this!

Don't get any ideas before reading, kay? cause you might think one thing, but it'll be very different than what you thought.

Shutting up~

Me + Jock =WTF?!?! (13) 1/2

I followed the twins to their room, I walked in and saw them take something off their table.

They walked back to me and handed me an envelope.

I looked at them with a weird look.

"Open it you stupid sister, or you don't know how to open an envelope" they said to me.

Stupid brats. Grrrr!!

"Hey! I know how to open it, shut up, I'm nervous here!" i yelled at them

I took a deep breath and tore it up.

O

M

G

!

!

!

~~~~~~~~~~~~~~~
~~~~~~~~~~~~~~~

I ran to my hell hole soon to be old hell hole with the toren envelope in my pocket.

Those brats charged 25 bucks for this shit, but this shit is good proof.

I barged into the hallway to see everyone looking at me like I was crazy.

Go to hell you stupid losers.

I ran/walked to Freddie's locker.

Hmmm... he's not there, weird...

I ran to his first class, yeah we have that first class together.

I opened the door to see him talking to Mikayla.

I looked around, there was no one around in class.

Oh great, I'm at the right time at the right place! sarcasm.

They didn't seem to notice me so I hid under a desk.

Yeah, not cool, especially to the gum under it that better not get stuck in my hair.

"Look, I know that you've been cheating on me for a long time..." I heard Freddie say

Oooooh, they were just beginning, i should have brought popcorn.

Sigh.

Focus!

"Freddie-bear I'm soooo sorry, I'll never do it ever again" I heard a desperate, female whiny voice screach through my ears.

Ouch. My ears are bleeding thanks to her.

"No, I now realize that I was a fool to actually love someone like you, we're over" he said with hurt in every word.

Go Freddie! Show that bitch what you got! I mean that in an not horny way.

"Whatever, I can get any guy I want, and I WILL get you back, just you watch" she said with venom in her voice as I heard her highheels click clack on the floor.

She opened the door and walked out.

Bitch.

I got out from the table and walked behind to Freddie.

I wrapped my arms around him and he jumped a little.

"Jenny?" he finally said

"Who else would comfort you except you mother when you break up with a bitch?" I said to him cooly.

"Well from what I know you're the last person to do it" he said with a chuckle.

"Then you don't know me" I said to him

"You know I didn't mean it" he said becoming nervous

"I know" I said smiling

This moment was kinda good, I think... you can't really explain it in words, but it feels like time has stopped.

He turned to me.

Oh god he smelled soooooo good!!!!!

No wait focus Jenny!!!! You're here for another reason

And then....

BAM!!!!!!!!!!!!!!!!!!!!!!!

Relax nothing exploded. It's a different kind of bam, no and not a door banging kind either.

It's a kiss bam.

I don't know how it began cause for a second he was looking at me the next, well yeah we were lip locking, and it didn't help that he tasted sooo good that I couldn't stop.

I wrapped my arms around his neck as he did the same around my waist.

I'm a girl, can you blame me, but it looks like he's been eager to do this for a while, oh well, I must be imagining.

I finally got the strength to stop and I looked down.

"I'm so sorry, I didn't mean to-" I cut him off

"It's okay" I said to him smiling as I pulled out the toren envelope.

He looked at me puzzled.

I only smiled at him and said:

"The proof that I didn't kiss you that night, but I don't need it anymore" I said as I dropped the envelope as the disk fell out it contained the footage of:

Freddie sitting on the counter and me applying the medicine, to the door, with no lip locking.

But that didn't matter anymore, cause we did kiss, and he did dump Mikayla.

He reached and picked it up and had a smile on his face

"Why? We can just prove that she lied and that's it" he looked at me

"Fine" I said rolling my eyes.

I still don't know how I'm gonna tell him that I'm moving.

End of part 1

~~~~

Purplemiley0:

Yeah I splitted it into 2 parts cause i know how much you guys love the story! i think o.o

And I can't write all of it now so I splitted it :)

And I bet you guys were just sooo happy that they finally kissed right? lol next part won't be out for a while again sorry! but thanks for sticking with me! :) It really means a lot!

runs off to Canada

Me + Jock = WTF?!?! 13 2/2

I looked at Freddie to see his eyes sparkle like the lights on a christmas tree as I raised my eyebrow.

"Lead the way smart ass" I said to him only making him grin at me.

"With pleasure my lady" he said as he bowed halfway faking an english accent with that, which made me only giggle like a little girl.

He opened the door and checked outside, my guess to see if the coast was clear, then gave me a weird signal that it was, don't ask me which, but now I know that he will never become an agent with that kind of hand signal...

"Dude, you gotta start acting normal" I whispered into his ear as I was following him as he was on his toes walking almost silently down the hall to the what ever place Freddie thinks that we need to go to prove this fucked up rumour. (note: Freddie is only on his toes, Jenny is walking normally behind him :P)

He only turned to me with a look of serious face and put his index finger on his mouth and made the "sshhh" sound, I almost fell on the floor laughing at how his pose looked like doing it.

Soon we were standing next to the office as he opened the door swiftly, tip toed and ducked under the tall desk where the secretary was sitting behind, I

followed his footprints, more like toeprints a few moments later.

We were lucky that the secretary was practically blind as a bat.

He got on his knees and in a moment was walking on his hands too like a dog or a cat, seriously you should have seen this, it was soooooo hard trying not to laugh.

I held my stomach and actually let a little giggle slip out.

"Who's there?" asked a serious and creaky voice.

Oh shit. The secretary heard me.

I stood up prepared to get yelled at for not being at class.

"Oh it's you Margaret" said the old lady looking back to her work.

Margaret? Oh it's the other secretary her "bff" I guess my hair looked like her's, wow, I didn't know old grannies did green highlights in their hair.

Well actually she was forty-something, but still it would have looked weirder.

I quietly followed Freddie to the prinsible's office.

He opened the door quietly and poked his head in.

He then turned to me and nodded.

We walked in and for some reason there was no one in there.

I turned to him with a questioned look, but he just smiled, walked over to the T.V. and turned it on.

Oh I get it now! He's gonna show the footage to everyone in school.

You see we have televisions in every classroom in this school, they are all linked to each other so everyone will see that Mikayla is a self centred and a slutty liar!

He popped in the disk and closed the dvd player.

It was a little fuzzy at the begining, but soon I saw myself getting out the first aid kit.

Yes! You twins are amazing!

Freddie walked over to the microphone that the princible usually uses when doing announcements and pressed the talk button.

"Students of Forrest High!" He began "Turn on all of your televisions to see the truth about Mikayla's rumour!" he finished smiling at me.

I smiled back at him. Finally I'm free from this stupid rumour!

But then the door burst open making me jump.

Me and Freddie turned to the door and saw the pissed off princible.

We are so dead.
